Massachusetts Constitutional Amendment Vote.

Boston, May 23.

The returns received of the vote to-day on the nine amendments to the constitution, indicate a very light vote, and that all the amendments will be rejected, though enough have not been received to make this certain.

In the whole of the amendments received from 1 [illegible] about 800 majority. The votes in favor of the [illegible] system, and against appropriating money for sectarian schools were the largest. Some towns voted against the plurality system. In New Bedford the plurality system had 2 17 majority, in Taunton only two and in Salem there is a majority of about a hundred against it.

The chief opposition in the city was against the annual election of City Clerks of Courts, Registers of Probate, Sheriffs &c., elective by the people at which received over 600 majority.

New York Items.

New York, May 23.

The Chief Mate of the ship Mercury just arrived at this port from Havre, was arrested this morning charged with an attempt at murder, in shooting a speculator who boarded the vessel at Staten Island, and whose life is reported as despaired of.

At the cattle market to day there was a better show for beeves, the total number at all the yards being 700. Prices ranged from 11 for [illegible] extra. The supply of sheep and lambs was not so large, and prices fully sustained. Swine met a ready sale and prices were rather higher. Sales of prime fed 5¾ a 6.

Verdict against the Nicaragua transit Co.

Washington, May 23.

On the 10th instant the Sixth District Court at New Orleans gave a verdict in favor [illegible] Mc Iowen against the Nicaragua steamship transit company.

Nova Scotia Election.

Halifax, May 23.

The general election for members of the Provincial Parliament took place yesterday, and the returns thus far received it is impossible to say which party is successful. The prevailing belief, however, is that the Government have been sustained by a small majority. Hon. Joseph Howe, former Secretary of the Province has failed of his election. Among the list of prominent new members elected, we see the name of Hiram Hyde, Esq., a New York by birth, and one of the most influential and wealthy gentlemen of the Province.

The Weather—Steamer not arrived.

Sunset Thursday 7 o'clock P. M.

We have had a steady fall of rain for the last 24 hours, and at present the city and harbor is enveloped in a dense fog. Up to the present time nothing has been heard of the American steamer Arctic, which was off the port, which is very much to be regretted, as it is not likely to attempt to enter the city in a fog.

DR. J. H. SCHENCK'S PULMONIC SYRUP,

For the Cure of Consumption.

THE proprietor of this medicine was himself, many years ago, reduced so low as to be given up by his physicians and friends as in the last stage of Consumption. When all hopes of a cure were well nigh fled, he was induced to make a trial of a Sea-weed Diet, from which relief was immediately experienced, and in connection with other remedies, a perfect cure was effected. Many persons, supposed to be in the last stage of Consumption, have been restored to perfect health by the use of this remedy. Dr. Schenck's Sea-weed Tonic is used in connection with the Pulmonic Syrup, in all cases where the patient requires a tonic to build up the system, after the disease has been broken up by the Pulmonic Syrup. Full directions how to use these medicines accompany each medicine.

Dr. Schenck's Pulmonic Syrup, Sea-weed Tonic, and Mandrake Pills, are prepared and sold by Dr. J. H. SCHENCK, at his principal office, No. 15 North 6th street, Philadelphia.

Dr. Schenck is professionally at his office every Saturday, from 9 A. M. to 3 P. M. Consultation free.

For sale by druggists and dealers in medicine everywhere.

VALUABLE TESTIMONY!

We, the subscribers, residents of Plymouth, do hereby certify that we are well acquainted with Mr. J. Parish. He was afflicted by disease, which resulted in the loss of the sight of one eye, and the partial loss of the other, through the operation of cupping. He was induced to make a trial of Dr. Schenck's Pulmonic Syrup, and Sea-weed Tonic, and after using a few bottles, was restored to perfect health. We have no hesitation in recommending Dr. Schenck's medicines to the world, as we believe they will do all they are recommended to do.

IMPORTANT PROCLAMATION!

A Great Mystery Explained.

In the year of our Lord 1847, in one of the cities of north Alabama, we discovered that in a certain vegetable sustance, which had never before been noticed in medicine, was contained in a peculiar manner such a marvellous and powerful curative power, that the idea of its application in connection with remedial agents was conceived. A most fortunate point was reached in an instant, and the most excellent springs and substances were studied, and the system subjected to perfect ease in a few minutes.

In 1849 we introduced this Remedy to the world under the name of

AYER'S PILLS

Are curing the Sick to an extent never before known of any Medicine.

INVALIDS, READ AND JUDGE FOR YOURSELVES

JULES BAGEL, Esq., the well known perfumer, of Chestnut street, Philadelphia, whose choice products are found in almost every toilet, says

"I am happy to say of your Cherry Pectoral, that I have found them a better family medicine for common use, than any other within my knowledge. Many of my friends have obtained marked benefit from them at my recommendation, and I believe that their powers extend to many cases of disease not dreamed of in the skill of the most effectual. But suffer me to add, pleasant to be taken, qualities which must make them valued by the public, when they are known."

The venerable Chancellor WARFIELD, writes from Baltimore, 12th April, 1851:

"Dr. J. C. AYER—Sir: I have taken your Pills with great benefit, for the last season, hoarseness, loss of appetite, and failure in vigor, which has prevented me from attending to my professional duties. They have restored me in the spring. A few doses of your Pills relieved me. I have used your Cherry Pectoral many years in my family for colds and coughs with unfailing success. For these complaints, which are, I believe, a source of more than one-half the diseases of this country, I consider your remedies the best we have, and am daily recommending them to my friends."

JOHN F. DEA TY, Esq., Sec. of the Penn Railroad Co., says:

"Penn R. Office Philadelphia, Dec 13, 1853.

"It is a pleasure to add my testimony to the efficacy of your medicines, having derived very unlooked for benefit in the use of both your Cherry Pectoral and Cathartic Pills. I am now well—all of them in my family, and shall ever consider them, while in my possession, a treasure."

The venerable and renowned S. P. STEVENS, M. D., of Montreal, N. H., writes:

"Having used your Cherry Pectoral in my practice, I can say from experience, that it is the best medicine I have ever given. In cases of incipient consumption, bronchitis, croup, whooping cough, and the great variety of diseases of the throat, lungs, and chest, it is the most effectual remedy I have ever found. It is safe in the hands of the parent, and perfect in its operation, and I confidently recommend it to the public, as containing the active principles of such remedies as I have for many years known your Cherry Pectoral to be the best cough medicine in the world, and have Pills on hand in order to use them rather than be without your Cathartic Pills."

PHILADELPHIA, March 1, 1852.

DR. C. M. JACKSON—Dear Sir: I have been frequently requested to certify to the virtues of your German Bitters, but have delayed doing so, because I was unwilling to add my name to the many certificates which are published in favor of patent medicines, without having some personal knowledge of their composition and effects. Your Bitters, however, I can recommend from my own knowledge, as a valuable tonic, useful in cases of debility and want of action in the system, and I have no doubt will prove beneficial in the diseases for which they are recommended.

Yours, truly, CHARLES J. CONRAD.
